

## KALIBER 24

### 2015 KALIBER 24 FRÜHBURGUNDER

Translucent ruby red. For the nose there are blackberry, sour cherry, wild raspberry, wild rose, cassis, peach, pomegranate and softwood. Also oil paint, iron, leather and tobacco as well as a pinch of iodine. Kaliber 24 forms a massive wave in the mouth, everything looks focused and orderly, while the wine comes and goes like ebb and flow. An early burgundy with natural cheerfulness, absolutely fine and graceful on the tongue. The tannins are well integrated and extend the fruit volume of this Frühburgunder skilfully.
